

## **Important Covid 19 Information**

At Surrey Community Dance, the health and safety of our students and staff is very important to us.

We are continuing to monitor developments on COVID-19 and follow the advice from Public Health England.

In the meantime, we are encouraging our students and staff to follow Public Health England and NHS advice which include:

- Washing your hands with soap and water often – do this for at least 20 seconds
- Always wash your hands when you get home or into work and before coming to dance.
  - Use hand sanitiser gel if soap and water are not available
- Cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
  - Put used tissues in the bin straight away and wash your hands afterwards
  - Try to avoid close contact with people who are unwell
- Do not touch your eyes, nose or mouth if your hands are not clean

If you feel unwell, please stay at home and avoid coming to classes. If this does occur, please notify us as soon as possible by telephone. Any changes to Surrey Community dances normal classes due to illness, will be immediately posted on Social Media and communicated to you via text message.

We encourage all students and staff to continue to follow advice from Public Health England and call NHS 111 if you are feeling unwell.

We will continue classes at St Marks with correct spacing between each student, the teachers will wear a mask when in close proximity to a student and the windows will all be open for fresh air.

On entering the studio the students will be asked to remove their shoes and place them in a basket, cleanse their hands with sanitiser and take their baskets into the hall.

All baskets will be cleaned when returned to reception and the dance hall floor will be cleaned between classes

Thank you for your co-operation.
